

Experience the Simplicity of Probax **MSP Backup**

Developed for MSPs with SMB clients, Probax MSP Backup simplifies the enterprise-grade power of Veeam and seamlessly integrates it with the, value, performance, and scalability of Wasabi Hot Cloud Storage.

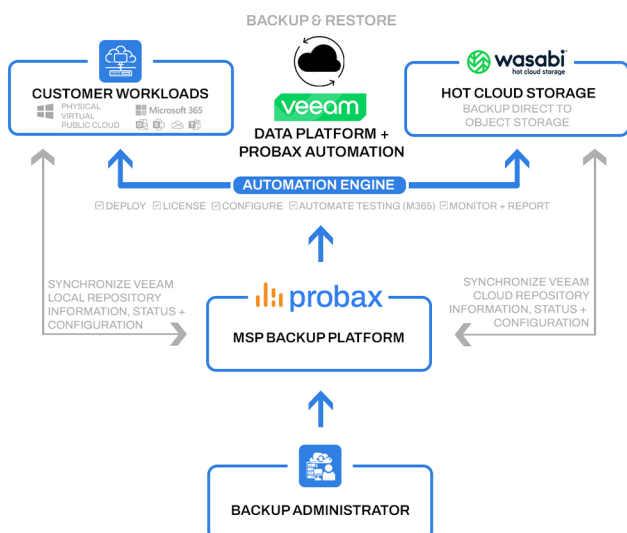

Deploy Veeam Software and set up Wasabi Hot Cloud Storage in under two minutes, all through a unified web portal.

This is the “**easy button**” for MSPs wanting to use Veeam with Wasabi Cloud Storage

How MSP Backup Works

About Probax

Probax is a multi-award-winning data protection software provider for Managed Service Providers (MSPs). A Wasabi Partner since 2019, Probax was awarded Best Marketing Partner – APAC at the Wasabi Partner Awards 2024. As a Platinum Veeam Cloud & Service Provider (VCSP), Probax proudly holds numerous VCSP Innovation and VCSP Partner of the Year awards from Veeam. Trusted by thousands of organizations across the globe, Probax delivers cutting-edge cloud data protection solutions through innovative automation technology, simplifying operations and driving down costs.
